

PROGRAM IMPACT

RONALD McDONALD HOUSE AT STANFORD

Where Hope Has a Home

Ronald McDonald House® at Stanford provides a trusted, welcoming environment where families stay while their children receive lifesaving treatment at Lucile Packard Children's Hospital Stanford. Yet, the House is so much more—it is a safe haven that nurtures the entire family in addition to the critically ill child.

Our Programs

Ronald McDonald House at Stanford offers many programs to support families experiencing a medical crisis. From the on-site school to our Happy Wheels cart and Camp Ronald McDonald, we are committed to helping children and families.

Our House

Our Families (in 2014)

16,947 Nights of lodging in 2014

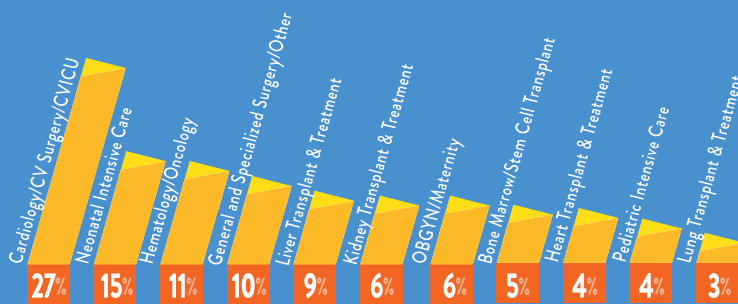

38 Average number of days families stay at our House

4,698 Families turned away due to limited capacity

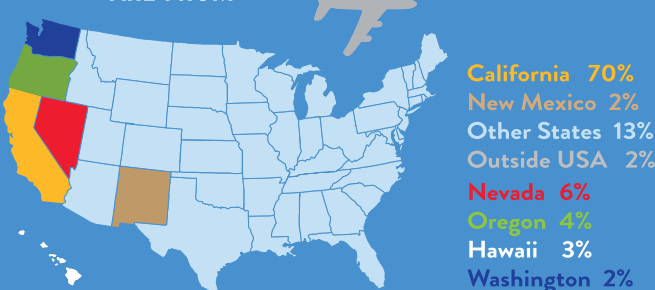

34 Average number of families on the waiting list every night

\$10 Nightly room donation requested*

\$134 Actual operating cost per room, per night

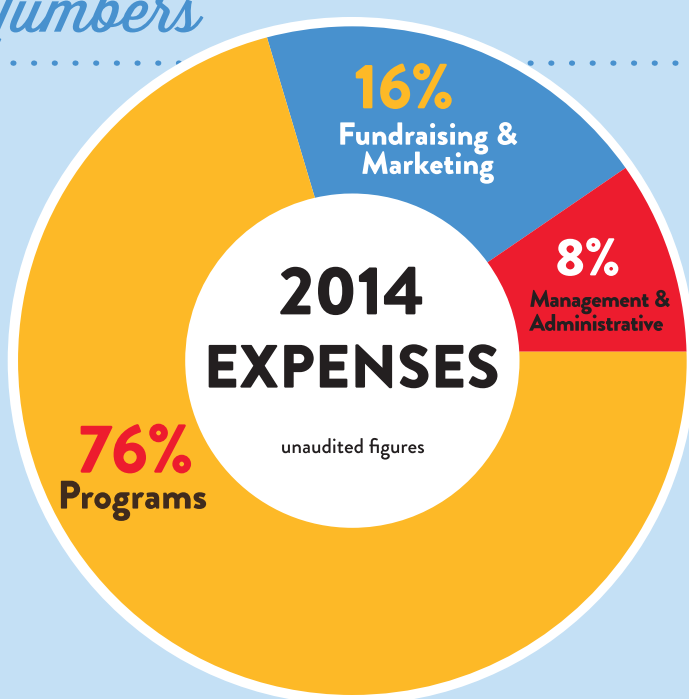

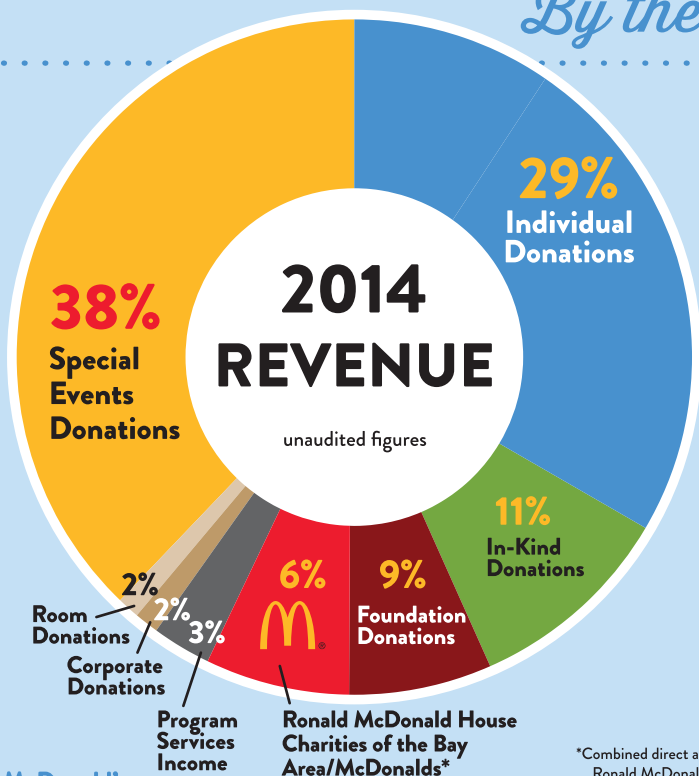

WHERE OUR FAMILIES ARE FROM

*In 2014, fewer than 30% of families could afford to pay the requested room donation. No family is turned away due to an inability to pay.

By the Numbers

*Combined direct and indirect contributions from McDonald's, including McDonald's Corporation, Bay Area McDonald's Co-op of Owner/Operators, Ronald McDonald House Charities of the Bay Area, McDonald Employees, and other affiliates provide up to 10% of our annual operating budget.
